Listing of UBS Actively Managed Certificate linked to the Unum Small/Mid Cap SA Equity Portfolio.

The JSE Limited has granted UBS AG approval for the listings of UBS Portfolio Notes (the "Notes") linked to the Unum Small/Mid Cap SA Equity Portfolio (the "Reference Portfolio").

The Reference Portfolio, whose composition may vary from time to time, is actively managed by the Reference Portfolio Advisor and represents a notional investment in the Reference Portfolio Components as described in detail below.

#### Background

Unum Capital (Pty) Ltd, is a Pretoria based, boutique financial services provider that has built a team of multi-asset, multi-market, stock market experts whose aim is to deliver consistent, profitable financial solutions to the affluent, retail investment community.

Founded over 20 years ago, their philosophy is an ongoing search for non-traditional, active, skills based alpha centric return.

Unum Capital has a bias towards quality in their investment strategy, but also consider growth to be an attribute of quality businesses too. In the long-term, good businesses have less downside, more upside and, indeed, tend to grow. From this starting point, Unum Capital are value conscious while attempting to assure reasonable diversification at portfolio level but remaining opportunistic on both the individual counters and their position sizes at times. While the intention is not to churn the portfolio, they are active investors and will trade as actively when it is required. Within this context, though, they do prefer longer-term investments that give ample time to compound across many years after preferably paying a low valuation for, receiving a high growth rate and, eventually, selling it for a much higher valuation.

The portfolio aims to out-perform its benchmark, the FTSE/JSE Midcap Index(J201) both on a relative and risk adjusted basis.

#### Investment universe:

UNDERLYING STOCK UNIVERSE: Shares listed on the Main Board of the Johannesburg Stock Exchange may be incorporated as Stock Constituents in the Reference Portfolio.

UNDERLYING ETF UNIVERSE: ETFs listed on the Main Board of the Johannesburg Stock Exchange may be incorporated as ETF Constituents in the Reference Portfolio.

#### Other:

Noteholders should be aware that the Reference Portfolio Advisor is independent of the Issuer. The performance of the Notes is largely dependent on the skill and decisions made by the Reference Portfolio Advisor. Decisions made by the Reference Portfolio Advisor may not always be profitable and

therefore may have a material adverse impact on the value of these Notes. Moreover, past performance of other products managed by the Reference Portfolio Advisor does not guarantee future positive performance of these Notes.
