ASX share code: SPD

JSE share code: SDL

ISIN AU0000220808

("Southern Palladium" or "the Company")

**SPD – Australian Roadshow and Conference Presentation The Bengwenyama Platinum Group
Metals Project: +25 Moz in Elephant Country**

Southern Palladium Limited (ASX Code: SPD and JSE Code: SDL) is pleased to provide its Australian roadshow and 2023 Africa Down Under conference presentation to be delivered by the Company's Managing Director.

JORC Code Compliance Statement:

The information contained in the attached presentation that relates to Exploration Targets, Exploration Results or Mineral Resources is extracted from the report entitled "UG2 Mineral Resource increases by 39% to 11.65Moz (4E), including 2.56Moz (4E) upgraded to Indicated status" created on 30 May 2023 and is available to view on the Company's website at:

<https://www.southernpalladium.com/site/investor-centre/asx-announcements>

The company confirms that it is not aware of any new information or data that materially affects the information included in the original market announcement and, in the case of estimates of Mineral Resources or Ore Reserves, that all material assumptions and technical parameters underpinning the estimates in the relevant market announcement continue to apply and have not materially changed. The company confirms that the form and context in which the Competent Person's findings are presented have not been materially modified from the original market announcement.

Authorised by the Managing Director.

SOUTHERN PALLADIUM LIMITED

The Bengwenyama Platinum Group Metals Project: +25 Moz in Elephant Country

Africa Down Under | September 2023 | ASX: SPD | JSE: SDL

DISCLAIMER

The following disclaimer applies to this investor presentation (Presentation). You should read this disclaimer carefully before reading or making any other use of this Presentation or any information contained in this Presentation. By accepting this Presentation, you represent and warrant that you are entitled to receive this Presentation in accordance with the restrictions, and agree to be bound by the limitations, contained within it. This presentation has been prepared by Southern Palladium Limited ACN 646 391 89 (Company) for the purposes of its non-deal roadshow.

This Presentation contains summary information about the Company and its subsidiaries (Group) and their activities which is current only as at the date of this Presentation. The information in this Presentation is of a general nature and does not purport to be complete or comprise all the information which a prospective investor may require in evaluating a possible investment in the Company or that would be required in a prospectus or other disclosure document prepared in accordance with the requirements of the Corporations Act 2001 (Cth) (Corporations Act). The distribution of this Presentation (including an electronic copy) outside Australia may be restricted by law. If you come into possession of this Presentation, you should observe such restrictions and seek your own advice on such restrictions. Any non-compliance with these restrictions may contravene applicable securities laws.

The information contained in this Presentation is not financial product, investment, legal, taxation or other advice or any recommendation to acquire securities in the Company. No reliance may be placed for any purpose whatsoever on the information contained in this Presentation. This Presentation does not and will not form any part of any contract for the acquisition of securities in the Company. This Presentation has been prepared without taking into account your investment objectives, financial situation or particular needs. Before making an investment decision, you should make your own enquiries and investigations, and consider whether it is a suitable investment for you in light of your own investment objectives, financial situation and particular needs, having regard to the merits or risks involved. An investment in securities in the Company is subject to investment and other known and unknown risks, some of which are beyond the control of the Group. The Company does not guarantee any particular rate of return or the performance of its securities, nor does it guarantee any particular tax treatment. You should carefully consider the risks outlined in this Presentation before making an investment decision.

This Presentation contains forward looking statements, including statements regarding the Company's intentions, beliefs or current expectations about the Group's business and operations, and market conditions. Forward looking statements can generally be identified using forward looking words such as, "expect", "anticipate", "likely", "intend", "should", "could", "may", "predict", "plan", "propose", "will", "believe", "forecast", "estimate", "target" and other similar expressions. Forward looking statements are provided as a general guide only and should not be relied upon as an indication or guarantee of future performance. Forward looking statements involve known and unknown risks, uncertainties, assumptions and contingencies which are subject to change without notice, as are statements about market and industry trends which are based on interpretations of current market conditions. Actual results, performance or achievements may vary materially from any forward looking statements and the assumptions on which statements are based. Except as required by law or regulation, the Group disclaims all obligations to update publicly any forward looking statements, whether as a result of new information, future events or results or otherwise. Past performance information given in this Presentation is given for illustrative purposes only and should not be relied upon as an indication of future performance.

Certain market and industry data used in connection with this Presentation may have been obtained from research, surveys or studies conducted by third parties, including industry or general publications. Neither the Group nor its representatives have independently verified any such market or industry data provided by third parties or industry or general publications. No representation or warranty, express or implied, is made as to its fairness, accuracy, correctness, completeness or adequacy.

None of the Group's advisers, directors, officers, employees or agents have authorised, permitted or caused the issue, dispatch or provision of this Presentation nor, except to the extent referred to in this Presentation, made or purported to make any statement in this Presentation. To the maximum extent permitted by law, the Group and its advisers expressly disclaim all liabilities and responsibility in respect of any expenses, losses, damages or costs incurred by any recipient as a result of the use or reliance on anything contained in or omitted from the information in this Presentation, including, without limitation, any liability arising from fault or negligence or otherwise, and make no representation or warranty, express or implied, as to the fairness, currency, accuracy, reliability or completeness of the information contained in this Presentation.

This Presentation does not constitute an offer to sell, or the solicitation of an offer to buy, any securities in the United States. This Presentation may not be distributed or released in the United States. Securities in the Company have not been, nor will be, registered under the U.S. Securities Act of 1933, as amended (U.S. Securities Act) or the securities laws of any state or other jurisdiction of the United States. Accordingly, the securities in the Company may not be offered or sold, directly or indirectly to, persons in the United States or persons who are acting for the account or benefit of a person in the United States unless they have been registered under the U.S. Securities Act (which the Company has no obligation to do so or procure) or in a transaction exempt from, or not subject to, the registration requirements of the U.S. Securities Act and any other applicable U.S. state securities laws.

All dollar values are in Australian dollars, unless otherwise stated.

Capital Structure Summary

Total number of shares issued	89.75m
Market cap @ A\$0.27 cps	A\$25m
Cash at Bank (30 June 2023)	A\$11.5m
Enterprise Value	A\$13.5m
Founder Deferred Shares*	1.2m
Options with exercise price (A\$0.875) at 75% premium to IPO issue price	7.34m

* Issued if at least 2,000,000 oz of PGE (4E) Reserves have been identified, comprising at least 15 million tonnes and a grade of at least 3.0 grams per tonne within four years after the IPO date

* Stated at 100% equity basis, 7E resource (Pt + Pd + Rh + Au + Ir + Os + Ru)

A large, shallow, advanced exploration/
development Platinum Group Metals (PGM) opportunity

Two-year exploration programme targeting delivery of a PFS
for a significant new mine, and the submission of a Mining
Right Application

BENGWENYAMA PROJECT (70%)

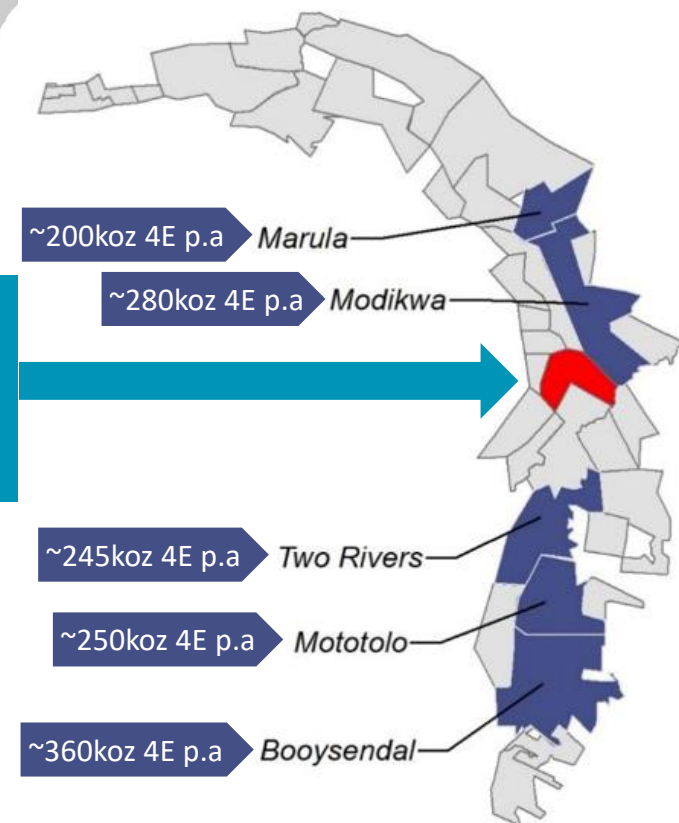

PGM project in the heart of the Eastern
Limb of the Bushveld Complex adjacent to
Tier 1 Operations

UG2 and Merensky Resource* (7E): 25.12Moz
Plus significant Exploration Target

A single local community strongly supportive of development.
Experienced local management

* Stated at 100% equity basis. JORC (2012) compliant

THE BENGWENYAMA PROJECT: IN ELEPHANT COUNTRY

* Stated at 100% equity basis, 4E resource only (Pt + Pd + Rh + Au)

LOCATION ADVANTAGE

SITUATED IN AN ESTABLISHED INDUSTRIAL HUB

A strategic shallow resource nestled between Tier 1 operations

Easy access to major roads, power, railway, water, skill and services

Established downstream beneficiation industry with defined terms

25.12Moz for A\$7.1m capital spent
Significant upside to the resource

Drilling extremely successful with excellent inferred to indicated conversion rate

BENGWENYAMA: A HIGH GRADE UG2 REEF PGM PROJECT

12 MOZ AT A GRADE OF 7.51G/T (4E)

Bengwenyama JORC Resource, July 2023				
Deposit	Category	Tonnes	4E Grade	Contained 4E ounces
Merensky	Indicated	21.6 Mt	2.5 g/t	1.7 Moz
Merensky	Inferred	77.9 Mt	3.1 g/t	7.8 Moz
Merensky Total		99.5 Mt	3.0 g/t	9.5 Moz
UG2	Indicated	10.8 Mt	7.7 g/t	2.6 Moz
UG2	Inferred	39.1 Mt	7.5 g/t	9.4 Moz

Project Total		149.3 Mt	4.5 g/t	21.5 Moz

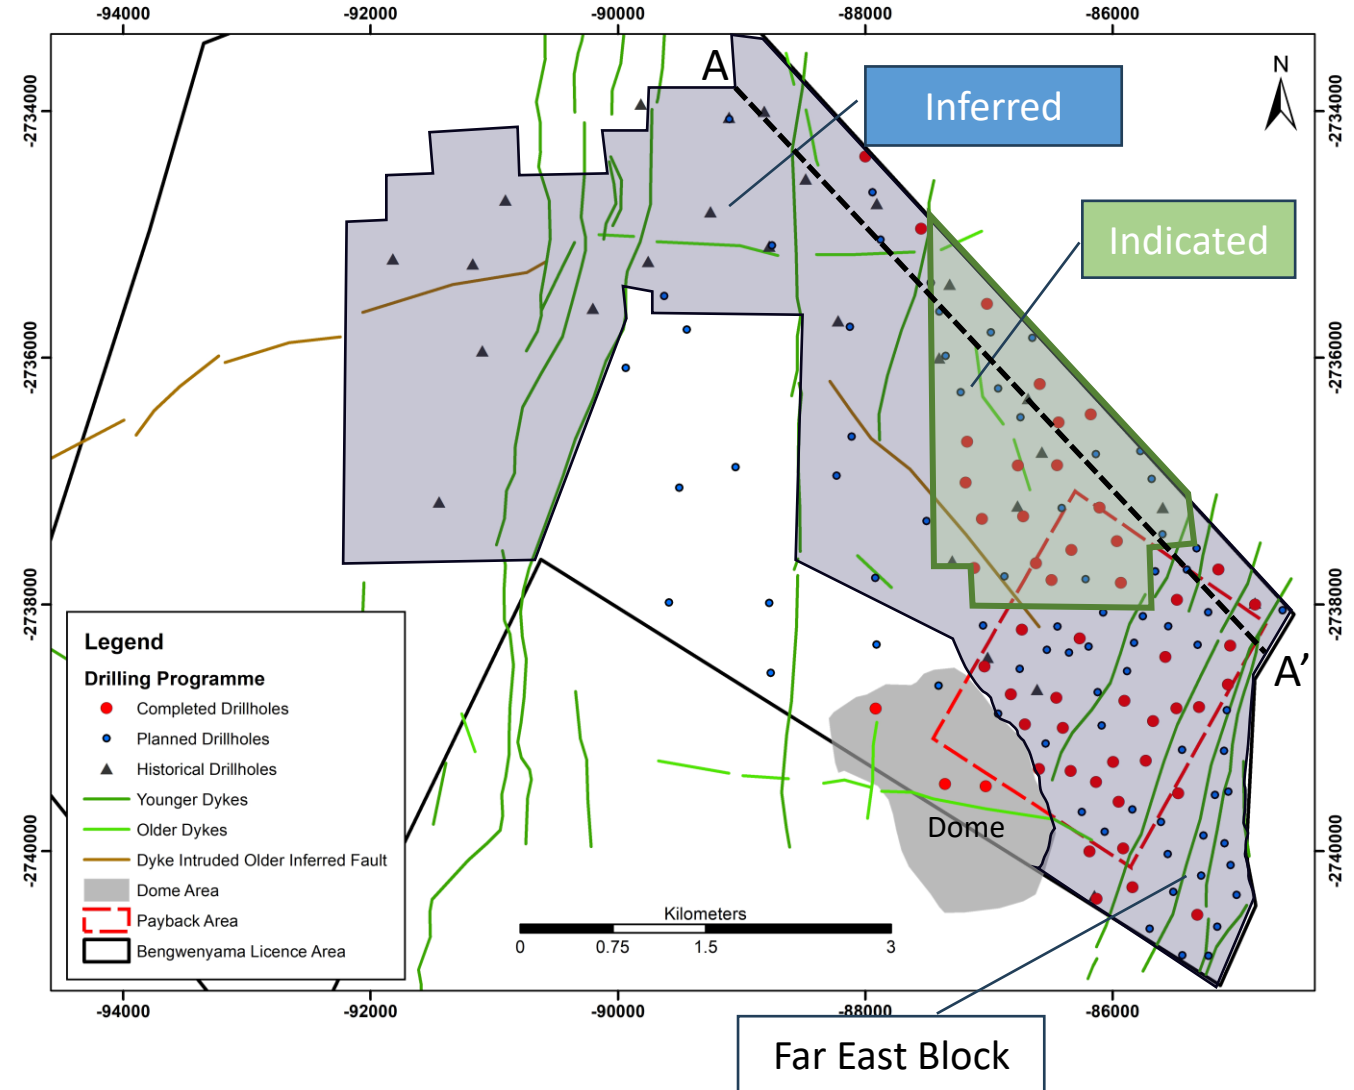

Source: Calculations based on data sourced from Company Reports

NEAR TERM DRILLING

INTERIM RESOURCE INCREASE BY 34% WITH FURTHER GROWTH POTENTIAL

- Eastern Portion of the project area is now well understood and structurally less complex than originally thought
- Interim resource increased by 34% to 25.12Moz mainly attributable to the “Far East Block” discovery
- Indicated Resources now make up 20% of total and 22% of the UG2 Resource
- Focus now on getting a better understanding of the geology and structure to the West
- Bulk of the current resource shallower than 500 meters
- Internal scoping study suggests that the UG2 Reef is the most likely prospect for development

HYDROGEN SUPPLY CHAIN: ‘MADE OF PLATINUM’¹

Autocatalysts in Internal Combustion Engine (“ICE”) (Palladium, Platinum and Rhodium still the biggest driver)

Green hydrogen Production (PEM) (Platinum and Iridium)

Fuel cells (Platinum)

1 APPLICATION

- Current developments in terms of new supply and exploration are limited – the low hanging fruit has been taken
- Existing PGM mines getting deeper

RISING DEMAND FOR ALL PGMS

- Strict emissions standards (higher loadings) for ICE
- Fuel cells and Hybrid vehicles will consume more Platinum
- BEVs will replace some ICE
- Autocatalyst demand will stay stronger for longer

PGM USE IN VEHICLES

2

OUR FUTURE IS GREEN
Green movement has sparked a significant renewed interest in **Platinum**

¹Michael Widmer, Bank of America Global Research 2023

BENGWENYAMA: HIGH-GRADE AND VERY INEXPENSIVE OUNCES

Note: BRVO – Non-compliant Resource Estimate, excludes credits from base metals + chromes
Source: Calculations based on data sourced from Company Reports, as at 29/8/2023

INVESTMENT SUMMARY

LOCATION

- The right address amongst Tier 1 operations
- Excellent access to infrastructure

UNLOCKING POTENTIAL

- Exploration is proving grade, reef width and geology
- Focus is now to improve knowledge of the larger area
- Optimise the value metrics.

GREEN ECONOMY

- Global carbon reduction and ICE emission control has stimulated renewed interest in PGMs

MANAGEMENT TEAM

- Management team with an outstanding track record in PGMs, South Africa, mine project development and mining experience

RAPID ADVANCEMENT

- Positive surprises on the upside
- Mining Right Application ahead of schedule

ATTRACTIVE VALUE

- Project appears to be robust.
- External factors are influencing stock price
- Attractive EV/oz

SOUTH AFRICAN POWER ISSUE - LOADSHEDDING

- Eskom's ageing fleet of coal-fired power stations
- A number of megawatts must be shed to protect the integrity of the national power grid.
- Frequency of High Intensity Loadshedding (Above Level 4) impacts mining industry negatively.
- Mining companies are taking major steps to secure energy supply
- PV Installations proposed
 - **Sibanye-Stillwater:**
 - 89 MW wind energy wheeling agreement
 - 200MW
 - **Tubatse Ferrochrome** - 100 MW
 - **Anglo American Platinum Mogalakwena** - 100MW
 - **Gold Fields** – 40 MW
 - **Harmony** – 167 MW
 - **Impala Platinum** Northwest Operations– 100MW
- Southern Palladium Initiatives
